

# Keep it Local!

## CITY FEED IN THE COMMUNITY!

*Since opening the first City Feed on Boylston St. in 2000, City Feed has made it a point to support many of the local organizations that make our neighborhood a better place. Here are a few of City Feed's favorites—check them out!*

### SPONTANEOUS CELEBRATIONS

For 30 years, **Spontaneous Celebrations** has been committed to creating and sustaining a vibrant community cultural life here in Jamaica Plain, emphasizing the arts' ability to unite and empower people for positive change. City Feed has been a sponsor of their Wake up the Earth Festival ever since 2000, sold Lanterns for the Jamaica Plain Lantern Parade every October, and donates many carafes of coffee to help keep it spontaneous! What Spontaneous Celebrations has done for the neighborhood over the years is immeasurable, and we are proud to be a little part of that.

**WAKE UP THE EARTH FESTIVAL is MAY 2ND - Don't miss it!**

### BIKES NOT BOMBS

For 25 years, **BNB** has been promoting bicycle technology to create peace and environmental sustainability, both in the lower income neighborhoods of Boston and internationally. They receive thousands of used bicycles and tons of used parts each year, many of which are sent (along with technicians and tools) to countries in need, for economic development projects. Here in Boston, BNB involves young people in their Earn-A-Bike programs, Vocational Training programs, and girls-only programs. They also operate a full service bike shop, staffed by local teen graduates of their training programs.

City Feed sponsors their annual Bike-A-Thon!

### REGAN YOUTH LEAGUE

The purpose of the **Regan Youth League** is to provide the children of Jamaica Plain with the opportunity to play organized baseball in an open, safe, and friendly environment. The League aspires to foster the discipline and fun of learning a challenging team sport, to encourage a spirit of community among participants from diverse backgrounds who practice and play together, and to promote good sportsmanship and respect for teammates, opponents, coaches, umpires, and the great game of baseball. City Feed has sponsored a Regan Youth League Team since 2000.

We were 2008 Champs! Check out the trophy at the Centre Street store.
